ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$3.01 per hour or \$120.40 per week or \$521.73 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 10 years, and 4 after 20 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year, New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

- 1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)
- 2) APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.

3) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employee (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A

links to the Directory may be found on the WHD home page at
<http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web
 site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form
 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation) and computes a proposed rate).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title), a Federal grade equivalency (FGE) for each proposed classification), job description), and rationale for proposed wage rate), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination.

Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

CMEL SUPPORT SERVICES
SOLICITATION DTFAAC-07-R-00017
QUESTIONS AND ANSWERS

Q1: The meal range per day numberings for CLIN X005 appear to be inconsistent with the numbers reflected in Appendix B – Student Meal History. Please clarify.

Q2: Section B, Pricing Schedule for CLINs X005 and X006 call for a Price Per Meal, yet the CLIN description is labeled as a meal package of 2 or 3 meals. As prices would normally vary among the 3 different meals if separately priced, it is confusing as to what the Government intends for this entry. What should this price actually reflect?

Combined Answer for Q1 and Q2: CLINs X005 and X006 are hereby corrected as follows:

SCHEDULE B SUPPLIES AND SERVICES	QUANTITY	TOTAL

CLIN X005 –Food Services-3 Meal Plan	12 Months	\$XXXXXX
Breakfast/Lunch/Dinner Meal Plan		
Range per Month	Meal Plan Rate	
500 to 999	\$ _____/day	
1000 to 1499	\$ _____/day	
1500 to 1999	\$ _____/day	
2000 to 2499	\$ _____/day	
2500 to 2999	\$ _____/day	
3000 and over	\$ _____/day	

Payment of invoices for this CLIN is subject to receipt of CDRL A002, entitled Food Services 3-Meal Plan report, which accurately identify performance provided for the subject CLIN. Acceptance of report is required for payment.

CLIN X006 – Food Services – 2 Meal Plan	12 Months	\$XXXXXX
Breakfast and Lunch Meal Plan		
Range per Month	Meal Plan Rate	
1 to 99	\$ _____/day	
100-199	\$ _____/day	
200 to 299	\$ _____/day	
300 to 399	\$ _____/day	
400 to 499	\$ _____/day	
500 and over	\$ _____/day	

Payment of invoices for this CLIN is subject to receipt of CDRL A003, entitled Food Services 2-Meal Plan report, which accurately identify performance provided for the subject CLIN. Acceptance of report is required for payment.

Q3: Appendix B, Student Meal History appears to only reflect weekday meals. In order to project proper pricing, it would reduce our risk to know what weekend meal counts have been. Is any additional historical data available to help defray operating costs?

A3: Below is the FY 06 history for weekend meal ticket activity"

10/23-24/05 – 37 BLD
12/11-12/05 – 63 BLD
01/29-30/06 – 61 BLD
03/05-06/07 – 40 BLD
03/12-13/06 – 18 BLD
03/26-27/06 – 58 BLD
04/09-10/06 – 40 BLD
04/23-24/06 – 24 BL
05/07-08/06 – 42 BLD
05/21-22/06 – 23 BLD
06/04-05/06 – 7 BL
06/11-12/06 – 78 BLD & 28 BL
07/23-24/06 – 58 BLD
07/30-31/06 – 28 BLD
08/20-21/06 – 79 BLD
08/27-28/06 – 22 BLD
09/17-18/06 – 24 BLD
09/24-25/06 – 9 BLD

Q4: The Government provided equipments supplies/services listing is lacking in that it does not provide a complete inventory of all items, particularly in the food service areas, i.e., china, flatware, dining furniture, POS system, TVs etc. Is a complete inventory of Government/ERAU provided equipment/supplies available or can one be compiled? As currently written, the contractor appears to be assuming a large portion of risk.

A4: The Government will only be providing the supplies currently identified in the PWS. As a note of clarification, dining tables and chairs will be provided but china, flatware, serving trays, ice machines, and soda-dispensing equipment will not be provided.

Q5: Will the contractor have to enter into any separate agreements with ERAU?

A5: No separate agreements between the successful contractor and ERAU are anticipated.

Q6: Will current employees be available for hire? Are current employees covered under the Service Contract Act? We assume there is no CBA in place for these employees.

A6: Due to attrition issues, the Government does not know exactly how many current employees might be interested in employment under the new CMEL Support Services contract. The Government has ascertained that a significant number of current employees are interested in continuing employment under the new CMEL Support Services contract. To date, the Service Contract Act has been applicable to the subject support services and will continue to be applicable to the new contract. Currently, there is not a Collective Bargaining Agreement (CBA) in place for the subject support services.

Q7: Will current supplies (particularly maid/linen service, but all areas) be available for use to the new contractor until replacements are needed? Unknown and known costs will drive start-up costs for this contract and impact our ability to project a fair and reasonable price for services.

A7: The only items available to the successful contractor are listed as Government Furnished Property. It is assumed that interested offerors for this acquisition are already engaged in this line of business and have existing supplies, thus the purchase of new supplies may not be necessary.

Q8: Will ERAU be competing on this contract as an incumbent with first hand knowledge?

A8: This acquisition will be utilizing full and open competition procedures. Any interested party will be afforded the same opportunity to compete in this acquisition.

Q9: Is any FY07 workload data available?

A9: At this time, the Government does not have FY 07 workload data to provide as part of this amendment. There is a possibility that this data could be provided in the near future.

Q10: Will there be a Government COTR on-site?

A10: Yes, there will be a Government COTR on-site.

Q11: In reference to the 3 Meal Plan Ticket (also the 2 Meal Plan), we anticipate proposing a price in the schedule. In anticipation of the student planning to eat three meals at the facility, the contractor will purchase food and prepare food for

that student. If the student chooses to eat a meal elsewhere, will the contractor face and adjustment or will the full price be chargeable to the Government?

A11: Meal tickets are provided to students attending core courses. If the student chooses to eat meals elsewhere, the CMEL Support Services contractor will still receive the meal ticket price according to the established range of student days for that month.

Q12: It appears that the proper Wage Determination for this solicitation should be WD 2005-2109, Revision 3, dated 04/02/2007 instead of WD 2005-2113, Rev 2, dated 11/03/2006.

A12: Wage Determination 2005-2113, Rev 2, dated 11/03/2006 will be replaced with Wage Determination 2005-2109, Revision 3, dated 04/02/2007.

Q13: Paragraph H-1 indicates that a Post-Award Conference is to be held at the Mike Monroney Center in Oklahoma City with only three days notice. In our experience, it is more appropriate that a post award conference be held at the work site so that all parties totally understand the complete requirement and the environment under which the contract will be performed. We recommend that it is more advantageous to all parties to relocate the Post-Award conference to the CMEL facility in Palm Coast FL.

A13: The location for the Post-Award Conference will be changed so that it will occur at the CMEL facility in Palm Coast FL.

Q14: Is the cafeteria open during the non-class period currently, and if so, what is the historical usage?

A14: The cafeteria is not open during the non-class period.

Q15: Under the "Pay as You Go" option, do you require the contractor to price each food item or is there one price for a complete meal?

A15: The "Pay as You Go" plan should be priced per item to accommodate the "Pay as You Go" customers.

Q16: Is the contractor required to have the 3 entrée items throughout the serving period? Is it the intent of the requirement for the student to be able to take all three entrees?

A16: The contractor should have three (3) entrees throughout the serving period to allow students to have a choice of entrée. It is not the intent for students to take all three entrees.

Q17: Please elaborate on the intent of the following sentence contained in PWS Task 3 Food Services – Scope of Work: "The FAA reserves the right to request specific delivery of meals to complement classroom activity".

A17: The CMEL facility would like to have the flexibility to provide box/bag lunches to compliment classroom activities. It is anticipated that the box/bag lunch requirement will be extremely rare and offerors should include this cost in their regular meal price. The CMEL facility would like to have the flexibility to have some meals set up in classrooms to compliment the classroom activity. The frequency for this requirement is not known and in order to compensate the contractor for this requirement, and Over and Above hourly rate CLIN will be established.

Q18: As referenced in the scope of work, there may be some CMEL students requiring special diets and that these requirements will be under the direction of a certified dietician. Is there a Certified Dietician on the CMEL staff or is the contractor required to employ this individual?

A18: The contractor shall bear the costs of working with a Certified Dietician for the development of special diet menus.

Q19: Please clarify exactly what you are looking for in the pricing of CLIN 2002.

A19: The purpose of CLIN X002 is to capture the management, supervision and administrative costs to perform the CMEL Support Services function. The FAA envisions that there will be set costs associated with the day-to-day performance of this contract that are not included in per room and per meal requirements and the purpose of CLIN X002 it to allow contractors to be paid for these set costs.

Q20: In a teaming arrangement, is one vendor considered as the prime contractor and is one of the vendors considered a sub-contractor? Can we propose a teaming agreement as partners, rather than as a prime/subcontractor relationship?

A20: AMS 3.2.2.7.3 states that the FAA will recognize the validity of contractor team arrangements, provided the arrangements and company relationships are fully disclosed in the offer. Contractor team arrangement can be an arrangement in which (a) two or more companies form a partnership or joint venture to act as a potential prime contractor; or (b) a potential prime contractor agrees with one or more other companies to have them act as its subcontractors under a specified contract. Regardless of the arrangement chosen, it is paramount in a teaming arrangement to detail the responsibilities of the team members in order to explain how the teaming arrangement will be administered.

Q21: Can we propose any alternate ideas or options that may be different that what is listed in the SIR?

A21: Yes, it is acceptable to submit an alternate proposal. It is highly recommended that potential offerors submit their original proposal based on the requirements of the SIR as written and then, at their option, submit an alternate proposal if desired.

Q22: Are the 82 pages of the SIR considered as Volume 1 of our response with the appropriate information and signatures supplied?

A22: SIR Clause L.3 references an 82 page limit for Volume I. Since SIR DTFAAC-07-R-00017 is only 65 pages, the page limit is misleading. The correct page limit for Volume 1 is 65 pages and the intent is for interested offerors to complete all fill-ins, sign the SIR as well as any applicable amendments and submit this information as a formal proposal in response to the SIR.

Q23: Can we propose an emergency services plan as part of the proposal.

A23: Yes.

Q24: Our company is not an 8(a) firm but we do purchase from MWDBE companies – is that important and should be highlight this information?

A24: Yes, it would be a good idea to highlight this information.

Q25: If capital investment is part of our "Quality Response" how do we delineate that piece?

A25: This information should be addressed in your Volume II Technical Proposal.

Q26: What criteria will you use to decide if you exercise any option provision?

A26: In order to exercise any option provision, the Government must have a need for the continuity of operations that will be provided by the exercise of the option. In addition the Government must determine that the exercise of the option is the most advantageous method of fulfilling the Government's need when considering price, performance timeliness, as well as the quality of performance.

Q27: SIR Provision L.3(e)2. Appendix IIB – Draft Quality Control Plan references PWS Para 10.2. There does not appear to be a Para 10.2 in the PWS. Please clarify.

A27: You are correct in that there is not a Para 10.2 in the PWS. Instead, please refer to the Quality Control paragraphs contained in Task 1, 2, and 3 of the PWS.

Q28: SIR Provision C.1 contains the phrase "including supervision on-site at each location where supplemental Academy training is to be conducted (field locations)". Is this phrase applicable to this contract?

A28: Field locations are not applicable and this phrase does not apply to this acquisition.

Q29: Please expand on the requirement to have access to soft serve ice cream until 10 p.m. The evening meal ends at 7 p.m. and cleanup is generally completed by 8 p.m. Is the requirement to retain a staff member beyond that time to ensure that the soft serve ice cream does not run out prior to 10 p.m. or is the access requirements meant to ensure that the dining area of the café in which the soft serve machine is located is not locked or otherwise made inaccessible to guests before 10 p.m.?

A29: The PWS will be revised so that access to soft serve ice cream will end at 7 p.m.

Q30: For SIR Provision C.2, please advise as to how long the Phase-In period is anticipated to be so that we can properly cost this effort.

A30: The Phase-In period is anticipated to be from 22 Jul 07 to 21 Aug 07.

Q31: Why is the contract starting on such an odd day versus the first on the middle of the month?

A31: First, the contract period dates listed in SIR Provision F.6 are incorrect and should be as follows:

22 July 2007 – 21 August 2007	Phase-In
22 August 2007 – 21 August 2008	Basic Period
22 August 2008 – 21 August 2009	Option I
22 August 2009 – 21 August 2010	Option II
22 August 2010 – 21 August 2011	Option III
22 August 2011 – 21 August 2012	Option IV

Second, the contract start date coincides with the terms of the facility lease between Embry-Riddle Aeronautical University and the FAA.

Q32: Does a new Requirement for Screening of Contractor Personnel apply if current employees who are presently approved become employees of another company?

A32: Yes.

Q33: Is there a Collective Bargaining Agreement in place?

A33: No.

Q34: The Appendix IIB Quality Control Plan listed in SIR Provision L.3 has a page limit of 20 pages. Our standard Quality Control Plan is over 35 pages so can the page limit be increased?

A34: In order to be fair to all potential offerors, the page limit of 20 pages for the Quality Control Plan needs to stay as is.

Q35: Who provides the linens, towels, hand cloths, bed spreads etc for the rooms? Who provides the chemicals and cleaning agents for Maid Services? Who provides the cleaning and maid equipment?

A35: Task 2 Maid and Linen Services – Scope of Work paragraph reads as follows:

Maid and Linen Service

Maid and Linen services shall be provided to maintain a clean and sanitary residential lodging facility. The contractor shall provide Maid and Linen service for each resident requiring room accommodations and shall include linen services for the exercise room and pool. All personnel performing Maid and Linen Service shall be identified by uniform (medical scrubs and a name tag/name plate). The contractor shall furnish supplies as necessary to perform Maid and Linen services that include supplying the dormitory with toiletry items (toilet paper, tissues, soap, shampoo, conditioner, and drinking glasses/cups) towels, hand towel, wash cloths, bed linens, blankets and comforters for students and guests in residence. The contractor will also supply cleaning detergents and supplies, vacuums, brooms, mops/buckets, rolling stock, etc. to perform the work described under this contract. The government will furnish the lodging room furniture, mattresses, boxsprings, lamps, tables, chairs, shower curtains, mats, irons, ironing boards, shower mats, shower curtains, curtain hooks and rods.

In addition, the following equipment is identified in Task 2 of the PWS to be provided for Maid and Linen Service:

- Two (2) Raytheon Appliances, UniMac Commercial washers, model UW50S2AU10002, 50 lb. capacity or equivalent.
- Two (2) Raytheon Appliances, UniMac Commercial dryers, model DTB75CE or equivalent.

Q36: Who provides the LAN cables, hair dryers, flash lights, recreational equipment, keys/locks for bicycles, and other guest services equipment?

A36: The Government provides these items for CMEL guests.

Q37: In Task 2 – Maid and Linen Services, it states that there are approximately 20,381 student days per year, however, for food services, it only states that there are 17,862 student days. Which figure is correct?

A37: Both figures are accurate. Not all students participate in a meal plan.

Q38: Are we to assume that there are rarely students in residence on the weekends?

A38: The majority of students check-in on the Sunday or Monday before class and check-out on Friday or Saturday after class. Based on this fact, the number of students in residence during the weekend is normally low; however, CMEL Support Services are still required regardless of the number of students in residence during the weekend.

Q39: In Appendix B when it is indicated that there are students participating, are we to assume these are 7-day students or 5-day students?

A39: The majority of courses offered at CMEL are four (4) to five (5) days in length.

A40: There are several references to instructors and training issues in the solicitation. Do these references apply?

A40: No.
